Project Name

Self-portrait
Select and copy citations sourced directly from the project. (http://url-the-citation-was-sourced-from)

Description
Written in a clear and impersonal style, the description should include the following:
- What the project is about, what it offers, who it's addressed to and who are responsible for it.
- How the project's responsible parties are organized and financed.
- When and where the project was developed, when it ended and the countries it has been recreated in at the time of cataloguing.

Source
This applies only when the project is collected from a specific source, such as a book, interview, web site, etc., make sure to include a reference as clear and complete as possible.

Completed projects
This applies only if the project has completed other Projects that are also catalogued and part of the Collection.

Indexed projects
This applies only if the project has other Projects indexed that are also catalogued and part of the Collection.

Interview
This applies only if we have conducted interviews with project participants following the questionnaire presented in the wiki.

Manifestos
This applies only if the project has written and published a manifesto catalogued as part of the Documentation - Manifestos section.

Publications
This applies only if the project has written and published texts catalogued as part of the Documentation - Library section.

Bibliography
This applies only if there are texts included that talk about the project. (APA Style recommended).
